

Look for the exceptional everywhere — in a sculpted body as bold as it is refined, with modern lines and form. Its sleek exterior is matched with a premium interior.

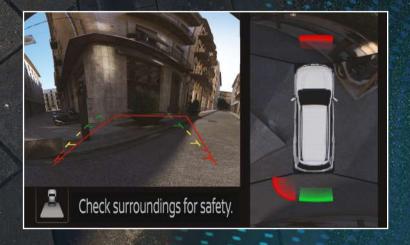

Command everything. Lean on capability that lets you explore what's beyond.

Outsmart city streets. Tap into technology that seamlessly connects you to your world.

Intelligent Around View Monitor*

Finally, parking is easy. Using four cameras, you get a virtual 360° birds-eye view of your vehicle with split-screen close-ups of the front, rear, and curbside. With Moving Object Detection, the system detects movement, so no surprises will get in your way.

On rough terrains, the Intelligent Around View Monitor becomes your personal spotter. Get a clear view of the surrounding area and know exactly where to drive your front wheels.

Rear Cross Traffic Alert*

Fear no parking space. When you're backing out of a tight spot, you've got a partner that watches your Terra's rear. This feature detects incoming cars from either side and alerts you with visual and audible warnings.

*Available in VL and VE variants.

Imagine having an extra pair of eyes to check your blind spot, or watch what you can't see up ahead. What if you had some help when you really needed it? Like an invisible foot on the brakes when traffic suddenly stops. This is Nissan Intelligent Mobility's 360° Safety Shield — technology that serves as your partner on every drive.

Blind Spot Warning*

Helps you keep an eye on blind spot areas.
It gives you visual and audible alerts when it detects vehicles hidden from sight, so you have more confidence when changing lanes.

*Available in VL and VE variants.

Photo may vary from actual unit. Nissan Philippines, Inc. reserves the right to alter, delete, or enhance features and specifications without prior notice, depending on market requirements.

Intelligent Forward Collision Warning*

The Terra is on the lookout to keep you safe. It detects and alerts you when sudden deceleration happens in front of you. It also warns you when you need to slow down.

Intelligent Emergency Braking*

Help is ready when you need it. The Terra monitors your speed and the distance from the car in front. It gives you visual and audible alerts when you need to slow down, and automatically engages the brakes to help avoid a collision or lessen the severity of the impact.

Lane Departure Warning*

Enhances your safety by making sure you only change lanes when you mean to. It gives you visual and audible alerts when it detects an unintentional lane departure.

Intelligent Driver Alertness*

Analyzes driver steering behavior to send an alert if signs of drowsiness or inattention are detected. A coffee cup on the instrument panel display indicates that it might be time to take a break from driving.

INTELLIGENT REAR VIEW MIRROR

Magic in a flip of a switch.

Luggage, passengers, or even bulky cargo — if only there was a way to get a clear view despite having a full vehicle, right? This is where the magic happens. With this amazing mirror, it's a case of now you see them, now you don't. Be more confident and let go of the stress by making all obstructions disappear.

Intelligent Rear View Mirror*

When you need a clearer rear view, go from mirror to monitor in just a flip of a switch. When turned on, a camera at the rear hatch expands your rear field of vision, helping you see around obstructions for a completely unimpeded view.

Whether it's the city streets, the off-road, or the muddy woods, count on the Terra's muscle and efficiency to get you through confidently. Add the 7-Speed automatic transmission with manual mode, and you've got full control of your drive.

Shift on the fly.

Choose between 2WD and 4H to go from maximum fuel efficiency on the highway to serious adverse weather capability on command.

When conditions turn really nasty, you can stay confident and in control.
Just twist the dial to 4LO and count on this capable system to get you to your destination — in rocky, muddy, or sandy conditions.

OFF-ROAD TECHNOLOGY

Command everything.

With the Terra, family outings get a whole new meaning.

Tough engineering plus advanced technology let you do things on a different scale. A durable suspension and rigid fully-boxed ladder frame resist bending and twisting to keep you moving over tough terrains.

Smart features like the 4-Wheel Active Brake Limited Slip help you power over extra challenging roads. Time to gather up the crew and head out for a new adventure.

Hill Descent Control*

Going down steep hills are more manageable with this technology. It automatically adjusts your speed and brake pressure to help you cruise along safely.

Hill Start Assist**

Helps you in managing steep inclines and hill ascents, preventing the vehicle from rolling backwards. It holds pressure on the brake for a few seconds, providing enough time to switch from the brake pedal to the accelerator.

*Available in VL 4x4 variants only. **Available in VL variants.

Create new paths with your whole crew.

When you crave for new adventures, you become unstopabble with the Terra as your partner. That's why its 4X4 system is designed to get you through the toughest terrains.

4-Wheel Active Brake Limited Slip

Automatically directs power to the wheels with the best traction.

Electronic Locking Rear Differential*

Boosts traction to keep you moving forward even on the most challenging terrains.

*Available in VL 4x4 variants only.

Connectivity for everyone.

Even when you're out creating adventures with the whole family, it's nice to stay connected all the time. With an impressively large Nissan 9" Advanced Touchscreen Display Audio*, your information, music, and contacts will always be right in front of you. You can access it through the controls mounted on the steering wheel.

Need to charge your gadgets? Everyone stays powered with Type A and Type C USB ports inside the Terra. No more cables available? You'll never run out of battery with its cutting-edge Wireless Charger*. Finally, you have a vehicle with technology that keeps up with you.

*Available in VL variants. Device compatibility may vary.

BOSE® Premium Audio System* gives you high-quality sound that almost feels like live music. The Terra has 8 speakers strategically placed inside the vehicle so you can hear every instrument from all angles.

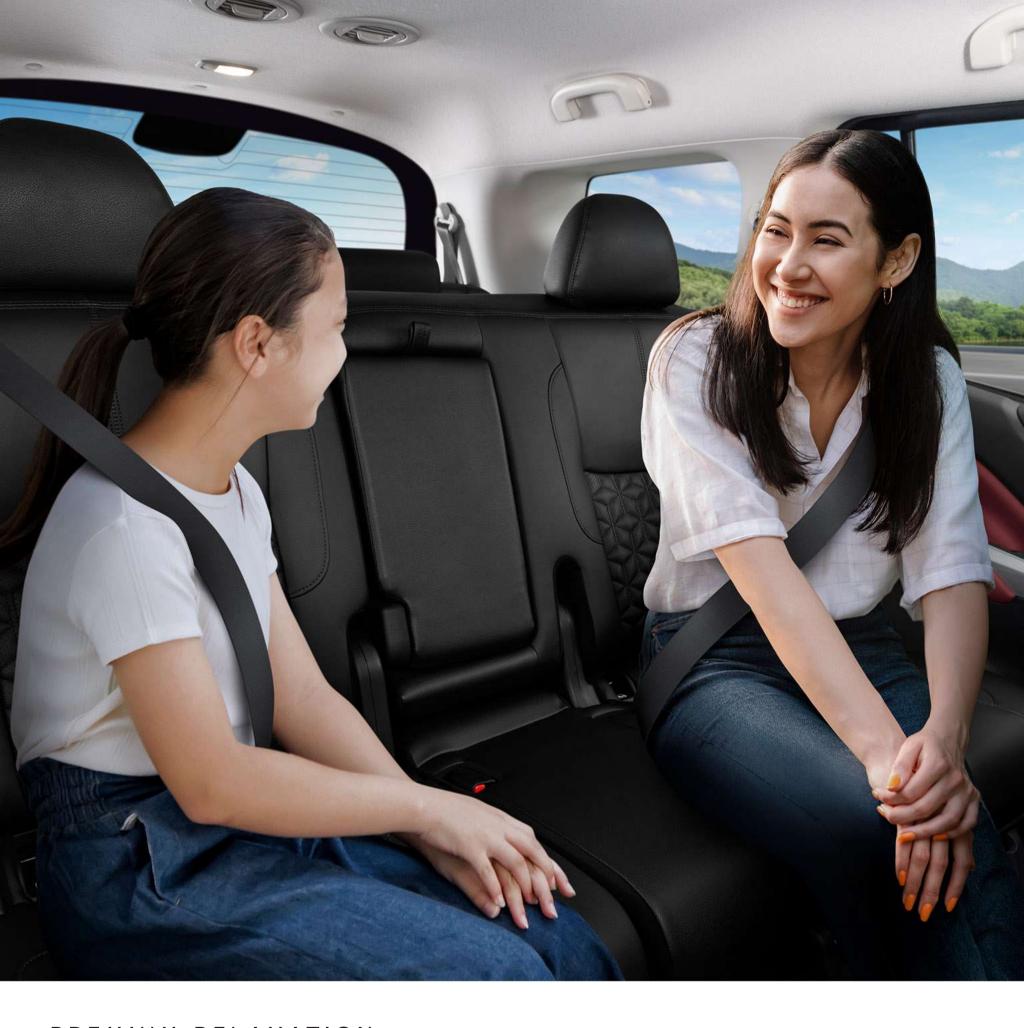

Apple CarPlay brings along your contacts, messaging apps, playlists, and more, with the help of Siri. Effortlessly sync your iPhone and go.

Android Auto knows where you're going and when. It's got Google Maps and Google Assistant to help you navigate and stay on top of your schedule. Pick songs, change destinations, or reply to texts hands-free through voice commands.

*BOSE Premium Audio System for VL variants only.

PREMIUM RELAXATION

Travel in utmost comfort.

With the Terra's premium interior, the whole family gets to experience comfort and luxury in-transit. Go on full vacation mode with its quiet cabin complemented by its sliding and reclining second row seats. Add in the 360° vents on the dedicated rear air-conditioning and going anywhere together becomes more enjoyable than ever.

Enjoy deluxe treatment, no matter where you sit.

Get used to finer rides with an interior curated for you and your passengers too. Every ride feels splendid with plush leather-appointed seats*, featuring the Dual-Zone Climate Control with Rear Cooler for each row. Road trip? You're in for a premium experience. Zero Gravity front seats provide ample support to ensure comfort and help reduce fatigue. Theater-style seating gives your whole crew a great view along the way.

Never hear "Are we there yet?" again.

As a family SUV, the Terra has a few tricks up its sleeve to keep the kids entertained. Play a movie they love through the large 11" Flip-Down Rear Monitor. Thanks to the built-in HDMI connection port, they can also play their favorite video games while on the road. You have a lot of options to make your trips more memorable and exciting.

Tip-Up Easy Entry Second Row Function with One-Touch Remote Fold and Tumble Function

With a flip of a lever, the second row effortlessly folds and tumbles in one motion. It can even be remotely controlled from the driver's seat with a press of a button.
